The proposals must be for furnishing all the materials and completing the work in a manner satisfactory to the person who may be apposited by the Navy Bepartment to superintend the same; and the department-reserves the right to reject or accept any of the proposals herein invited, when it deems the interest of the United States requires it.

herein invited, when it deems the interest of the United States requires it.

Ninety per cent. of the amount of work done and the materials delivered will be paid for from time to time, as the work progresses, upon estimates made and certified to by the superintendent on the part of the United States, and ten per cent retained until the completion of the contract and acceptance of the work, by the said superintendent and department, and be forfeited in the event of non-fulliment of the contract; provided that no bill shall be made for an amount less than five thousand dollars.

Each proposal must be accempanied by a written guarantee, signed by two responsible persons, (certified to be so by a navy agent, postmarter, district judge, or some other officer of the United States,) in the sum of five thousand dollars, that the bidder will, when required, if his proposal be accepted, enter into a contract and bond with proper and sufficient security for its faithful performance.

Bidders are invited to examine the plans and specifications at the offices herein-before mentioned.

The proposals must be scaled and addressed to this department, and plainly endorsed "Proposals for building Marine Barracks at Fensecola, Florida."

The bidder only whose offer may be accepted will be notified, and the contract will be forwarded as soon thereafter as practicable, which he will be required to execute within ten days after its receipt at the post office named by him.

All the above work is to be completed in all respects according to the plans and specifications within twelve months from and after the date of the contract.

New Agricultural and Machine Warehouse

558 Seventh street, south of Pennsylvania avenue, opposite Centre Market. AGRICULTURAL IMPLEMENTS, MACHINERY, FIELD AND GARDEN SEEDS, FERTILIZERS, &c.

AGRICULTURAL IMPLEMENTS, MACHINERY, FIELD AND GARDEN SEETE, FERTILIZERS, &c.

THE undersigned is now prepared to furnish the above mentioned and all articles pertaining to the agricultural beasiness at the lowest market rates; having just returned from a tour through the northern and New England States, where he has yielted a large number of the principal agricultural manufacturing establishments, from which he has taken great pains in selecting a choice assortment of implements and machinery of all descriptions. He has also made arrangements to be at all times in receipt of any important improvements that may take place in the agricultural line. Another very important feature in this new establishment is, that the proprietor is a practical agricultural machinist, with an experience of tweive years. He has thereby acquired a thorough knowledge of this business in all its various branches. He therefore feets justified in saying that he can obtain and furnish all articles in his line on as reasonable terms as any house in this country.

Machinery of all descriptions repaired at the shortest notice and on the most reasonable terms.

With the above experience and facilities for conducting this business, (which is all important.) he respectfully solicits the patronage of the farming community and public generally. In shall always be his object to please.

Yours, very respectfully,

The plan of estimating jots, and shares in the Springs Company, as
of equivalent value in the partition, will eave trouble in the dirtsion; and after this partition the interests of the lot holders and girings
stockholders will be in law entirely distinct, while the success of one
party must greatly enhance the other. Aly one may subscribe for
one or more shares in this purchase, and his interest will be in pro-

Norz.—1. All the streets are 60 feet wide, and run north and south, east and west.

2. Each square, in the plan, fronts 250 feet on streets running east and west, and 220 feet on streets running north and south, and (with its portion of the streets and alley) contains about two acres.

3. No payment of even the \$10 is required till it is ascertained, by the number of subscribers, that a city is to be built; in which event the value must greatly exceed the coat.

4. In the partition the 10,000 lots will be represented by tokens, with the number of square and of lot on each. These tokens will be put the same vessel with 2,600 similar ones, marked "I share of stock." In another vessel subscribers 'names will be put, (each name repeated according to the number of shares he may have taken,) and in the drawing, as in the division of large estates among numerous heirs, each will thus have an equal chance with any other of getting a share of Spring stock, or the more highly valued lot.

The 2,600, get the 55 acres, including the Sulphur Spring, the buildings, (assessed at \$80,000,) and the furniture.

Those who get suitable building lots for large hotels may be still more successful, while those least fortunate will get building lots of 25 by 100 feet, that must be worth, as the population increases, much more than the cost.

5. Subscription lists and lithographic plans of the proposed city are left at most of the bookstores and other public places in this city. The agents having them can become the representaires of the respectives and the subscribers, and in surrendering the lists can get assurance of the deeds. The payments and the drawing are desired to be at the same interest of the subscriber in this city will receive attention from Aug 1
